C. RULES & PROCEDURES FOR FUTURITY CLASSES

Judging System-Handlers for all CBC Futurity classes must be Amateurs (ATH) and must meet all USEF amateur requirements and qualifications. Halter classes for the **Breeders Challenge Futurity** will **NOT** utilize the AHA scoring system. Classes will be adjudicated using the comparative judging system. The number of judges will be determined by **CABA** and **Futurity** administrator. Classes will be conducted in accordance with AHA Halter Rules. Each participant is responsible for knowledge of these rules and is subject to these rules. The **CABA BOD** and the **Futurity Administrator** reserve the right to combine classes at their discretion. Any questions that may arise which are not covered by AHA Rules will be resolved by the CABA governing body.

All entries will be judged independently and comparatively by the panel of judges. Judges must not confer with each other. Judges will examine all horses individually while walking, trotting, and standing. Horses shall enter the ring at a trot in a counter-clockwise direction in chronological age order (according to date of birth) from oldest to youngest. Horses will be encouraged to move with elegance, impulsion, and charismatic animation at the trot, exhibiting authentic Arabian type. Following the trot into the arena, each entry shall proceed to the far end. All entries **MUST** remain at the designated area while the other horses enter the arena. Immediately following the individual presentations at the trot (entrance into the arena), all horses shall walk in a counter-clockwise direction around the arena. Horses to circle at a controlled walk around the ring at the discretion of the judge and at the instruction of the ring steward. The purpose of this presentation is to allow the judges to collectively assess the quality of each entry at a natural walk. At the conclusion of the walk, horses will be presented to the judges in the center of the ring. Horses will be presented to the judging panel for evaluation in a controlled, yet uninhibited and non-intimidated manner.

Horses are encouraged to exhibit Arabian presence. The use of a standard halter show whip is allowed but not mandatory. These procedures will apply for all yearling, two year old and three year old horses.

WEANLING CLASS- Weanlings are welcomed to enter and be presented in this class with their Dams. Weanlings will utilize the same procedures in the ring as the older horses with the following exception: **TRADITIONAL HALTER STAND-UP OF WEANLINGS WILL NOT BE TOLERATED**. Each entry will be exhibited and presented to the judging panel for evaluation in a controlled, yet uninhibited and non-intimidated manner. Horses shall stand squarely on all four legs and shall be shown by the handler while standing at the shoulder instead of in front, and shown with natural elegance and professionalism. **NO WHIPS OR LIVE CHAINS will be tolerated** in the weanling class. Handlers using either in this class will result in expulsion from the ring and the entry will be disqualified. More than one horse may be exhibited by a handler and a designated handler will be permitted at the far end of the arena to take over for handlers that are presenting more than one weanling, providing there is a capable handler for each horse during the initial group judging and during the awards presentation. **All judging in the weanling class shall be comparative.**
